dr_gallup@yahoo.com

- I've been designing fuel injectors here in South Carolina for 30 years now. Currently working in alternate energy fuels such as Liquefied Natural Gas. We export a lot of our production to South Korea and China, helping the balance of trade.
- I spent ~2 years in France just outside of Paris working on gasoline direct injection. It was a fantastic experience both professionally and culturally. As the token American in a French firm I was invited to all the meetings with non-French automakers such as Mercedes and BMW as English is the international language of business. They liked having a native English speaking person to make sure there weren't any misunderstandings.
- I've always been a country boy but Paris is the most wonderful city in the world. The food, architecture, museums and traffic jams are incredible. Plenty of opportunities to see other European countries as well. Amsterdam, Monaco & London were all just a day trip away.
- I've given up snow and water skiing (knees shot) but still ride my Triumph Speed Triple 1050 motorcycle in the beautiful Blue Ridge Mountains. The Tail of the Dragon is within a days ride.
- Still have the family Gallupaygoes Island in Lake Huron and vacation there every summer. It takes me 2 days of driving each way so I only make 1 trip a year but I take 3 weeks off to make it worthwhile.
- I've been in Gibsonia for Thanksgiving nearly every year (except when living in France) for over 20 years. Unfortunately, with the passing of my Mother this April and the sale of the house on Dickey Rd. I won't be there this year or in the future.
- I hope everyone has a great 40th reunion!

- Married almost 30 years to Herb Scrip, our legendary Life Science teacher. We built a home in the mountains near Bozeman Montana and have been here 15 years. Just purchased a small home in Polk, PA to be closer to family, allowing us to winter in Florida, spend spring in Pa. and summer and fall in Montana. I semi-retired from being a home health nurse but am now consulting for Home Instead Senior Care on a part time basis. I am a volunteer for Warriors and Quiet Waters, a nonprofit organization dedicated to helping injured veterans heal by using fly fishing as a therapeutic modality.
